CHRIS J. LAW, PHD cjlaw@uw.edu | chrisjlaw.com

Principal Research Scientist & Affiliate Curator | University of Washington & Burke Museum

EDUCATION

2013–19 **Ph.D. Ecology and Evolutionary Biology**. University of California, Santa Cruz

2008–12 **B.S. Environmental Systems.** University of California, San Diego

2010 **Marine Biology and Terrestrial Ecology Program.** University of Queensland

ACADEMIC HISTORY

2026– **Principal Research Scientist**, University of Washington

2024– **Affiliate Curator**, Burke Museum of Natural History

2024–26 **Assistant Project Scientist**, University of California, Berkeley

2021–26 **Acting Instructor**, University of Washington

2021–24 **Early Career Provost Fellow**, University of Texas, Austin

2019–23 **Gerstner Scholar**, American Museum of Natural History

2019–22 **NSF Postdoctoral Fellow**, University of Washington

2013–19 **PhD Student**, Ecology & Evolutionary Biology, University of California Santa Cruz

2011–13 **Research Assistant/Associate**, Scripps Institution of Oceanography

AWARDS

2024 **DVM Mentorship Award**, Society of Integrative and Comparative Biology.

2022 **Undergraduate Research Mentor Award**, University of Washington.

2022 **Postdoc Science Slam Best Presentation Award**, University of Washington.

2019 **Wake Award** (finalist), Society of Integrative and Comparative Biology.

2018 **D. Dwight Davis Award** (finalist), Society of Integrative and Comparative Biology.

2016 **James L. Patton Award,** American Society of Mammalogists.

2014 **Global Oceans Student Award,** Friends of Long Marine Laboratory.

FELLOWSHIPS

$720,950 in awarded fellowships

2021–24 **Early Career Provost Fellowship**, University of Texas, Austin. *$213,272*

2019–22 **Postdoctoral Fellowship**, National Science Foundation. (DBI–1906248) *$162,000*

2019–21	**Gerstner Scholars Postdoctoral Fellowship**, American History Museum of Natural. *Partially declined to accept NSF fellowship*	*$127,030*
2018–19	**Chancellor's Dissertation Quarter Fellowship**, UC Santa Cruz.	*$13,086*
	ARCS Scholar Fellowship, ARCS Foundation.	*$11,000*
	EEB Departmental Quarter Fellowship, UC Santa Cruz.	*$15,500*
2015–18	**NSF Graduate Research Fellowship**, National Science Foundation.	*$138,000*
2013–15	**Regent's Fellowship,** UC Santa Cruz.	*$30,812*
2013–18	**Fellowship in Marine Mammals,** Rebecca & Steve Sooy Endowment.	*$10,250*

RESEARCH GRANTS

$1,548,114 in awarded funding for research

2025-28	**DEB: Evolutionary Processes**, National Science Foundation. "Investigating the ecomorphology and evolution of sexual dimorphism in mammalian skulls." DEB–2414866. **PI: Law**.	*$670,175*
2022-23	**Stengl-Wyer Endowment Grant**, University of Texas. "The evolution of mammalian body plans: a case study in squirrels." SWG–22-02. **PI: Law**.	*$59,370*
2021–26	**Integrative Research in Biology**, National Science Foundation. "Disentangling the genetic, biomechanical, and deep-time factors underlying mammalian skeletal diversity." DBI–2128146. PI: Tseng, co-PI: Hlusko, **co-PI: Law** - *Role: I conceived of the project idea and led writing efforts, but I could not officially submit as PI.*	*$656,957*
2021–23	**Early Career Provost Fellow Research Funds**, University of Texas. "Disentangling the genetic, biomechanical, and deep-time factors underlying mammalian skeletal diversity." **PI: Law**.	*$20,000*
2019–22	**Postdoctoral Fellowship Research Funds**, National Science Foundation. "Ecomorphology and evolution of carnivoran body shapes." DBI–1906248. **PI: Law**.	*$45,000*
2019–23	**Gerstner Research Grant**. American Museum of Natural History. "Ecomorphology and evolution of carnivoran body shapes." **PI: Law**.	*$25,000*
2017–19	**Dissertation Improvement Grant**, National Science Foundation. "Dissertation Research: The effects of sexual dimorphism on morphological diversification of Musteloidea." DEB–1700989. PI Mehta, **co-PI Law** - *Role: I conceived of the project idea and led writing efforts, but I could not officially submit as PI.*	*$19,189*
2017–18	**Packard Endowment Grant**, Packard Foundation. "Linking feeding performance & energetics to dietary specialization & fitness in southern sea otters." **PI: Law**, PI: Mehta.	*$17,844*

Small grants (≤$5000)

2024	**Ranges Imaging Mini-Award**, Ranges Digitization Network.	*$2,252*
2023	**Division of Vertebrate Morphology Publication Award**, SICB.	*$1,000*
	Domino Award, University of Texas.	*$1,500*
2022	**Arthur James Boucot Research Grant,** Paleontological Society.	*$4,600*
	Pathway to Research Independence Grant, University of Texas.	*$5,000*
2021	**Research Exchange**, Research University Alliance.	*$1,500*
	Iuvo Postdoctoral Award, University of Washington.	*$1,416*
2020	**Vertebrate Paleontology Collections Study Grant**, Burke Museum.	*$1,400*
2019	**Student Travel Award,** Society of Marine Mammalogy.	$250
	Graduate Student Association Travel Grant, UC Santa Cruz. [2013–2019].	*$2,234*
2018	**Collections Study Award,** Natural History Museum of LA County.	*$1,175*
	Student Travel Award, American Society of Mammalogists.	*$400*
2017	**Field Museum Visiting Scholarship**, Field Museum.	*$1,520*
	Grant-in-Aid of Research, Society of Integrative & Comparative Biology.	*$1,894*
	IMC-12 Travel Grant, American Society of Mammalogists.	*$1,250*
2016	**James L. Patton Award,** American Society of Mammalogists.	*$5,000*
2015	**Research Grant,** American Cetacean Society—Monterey Bay Chapter.	*$1,500*
	Collection Study Grant, American Museum of Natural History.	*$700*
	Rosemary Grant Student Grant, Society for the Study of Evolution.	*$1,800*
	Grant-in-Aid of Research, Sigma Xi.	*$700*
2014	**Lerner Gray Fund,** American Museum of Natural History.	*$2,000*
	Grant-in-Aid of Research, American Society of Mammalogists.	*$1,500*
	Myers Trust Grant, Myers Oceanographic & Marine Biology Trust.	*$2,000*
	Student Research Grant, Friends of Long Marine Laboratory.	*$850*

**Chosen as one of the top two recipients*

PEER-REVIEWED PUBLICATIONS

† = mentored high school/undergrad student; ‡ = mentored grad student; * = equal contributions

X) **Law CJ**, Berthaume MA, Cobb SE, Santana SE. In review. Convergent function, divergent form: Shared diets do not produce shared adaptive zones in mammalian mandibular evolution. In review with ***Proceedings of the Royal Society B.*** Research Square doi.org/10.21203/rs.3.rs-10579987

X) **Law CJ**. In review. Multiple morphological pathways underlie climatic adaptation in North American mustelids. In review with ***Biology Letters.*** bioRxiv doi.org/10.64898/2026.07.24.740590

X) Newman A^ & **Law CJ**. In review. Sexual dimorphism and geographic variation in Washington bobcat (*Lynx rufus*) skulls. ***PLOS One.*** bioRxiv doi.org/10.64898/2026.09.09.750527

X) Burrows AM, Pater JT, **Law CJ**, Smith LW, Downing SE, Smith TD, Hartstone-Rose A, Correia-Caeiro C. In review. Functional adaptations in gorilla facial musculature: evidence from gross musculature, connective tissues, and physiology. ***The Anatomical Record***

X) **Law CJ**, Terán-Sánchez S, Santamaría-Talero MP, & Ramírez-Chaves HE. In review. Long-tailed Weasel *Neogale frenata* (H. Lichtenstein, 1831). In review with ***Mammals of Middle and South America: Carnivora***

X) Guerra EB, Carney EL, Kamerer JJ, **Law CJ**, & Santana SE. Minor revisions. Squirrel countershading is influenced by phylogeny, locomotion, and light environment. ***Functional Ecology***

X) **Cardakli F**†, Chatar N, Tseng ZJ, & **Law CJ**. In preparation. Effect of sexual dimorphism on biting performance.

X) **Gilmore CA**‡ & **Law CJ**. In preparation. Patterns of morphological regionalization within vertebral centra: a case study of mouse vertebrae. ***Journal of Anatomy***

X) Jiangzuo Q, van der Geer A, Grohe C, Volmer R, Hertler C, Wibowo UP, **Law CJ**, Li P. In preparation. The fossil otters (Carnivora: Mustelidae) from Sangiran (Java, Indonesia).

44) Brice N†, Huizenga C†, & **Law CJ.** In press. Scaling and ecomorphology of lagomorph body shape and appendicular skeleton. ***The Anatomical Record***. *doi.org/10.1002/ar.70278*

Special Issue on Lagomorpha

43) Valenciano A, Jiangzuo Q, **Law CJ**, Abella J, Alcalá L, Morales J, & DeMiguel D. 2026. Oldest evidence of a weasel reveals a Miocene origin of the Mustelinae (Mammalia, Carnivora). ***Palaeontology***. 69. e70055. *https://doi.org/10.1111/pala.70055*

Press: UW News, The Daily (UW) , Universidad Zaragoza, Universitat de València

42) Selig KR, López-Torres S, **Law CJ**, Burrows AM, & Silcox MT. 2026. The evolution and development of molar size among exudate-feeding lorises and bushbabies. ***American Journal of Biological Anthropology***. 189. e70238. *doi.org/10.1002/ajpa.70238*

41) **Law CJ**, Hlusko LJ, & Tseng ZJ. 2025. Long-fuse evolution of carnivoran skeletal phenomes. ***Proceedings of the Royal Society.*** 292. 20252400. *doi.org/10.1098/rspb.2025.2400*

Cover of Issue. Press: UW News

40) Santana SE, Bernal-Rivera A, Chhaya V, Guerra E, Quinche LL, Visconti F, & **Law CJ**. 2025. An integrative perspective on bat evolution. ***Annual Review of Ecology, Evolution, and Systematics***. 56. 291-314. *doi.org/10.1146/annurev-ecolsys-102723-045407*

39) **Law CJ**. 2026. Growth patterns of theoretical bite force and jaw musculature in southern sea otters (*Enhydra lutris nereis*). ***The Anatomical Record***. 309. 2331-2345. *doi.org/10.1002/ar.25665*

Special Issue on Biting Performance

38) **Law CJ**, Hlusko LJ, & Tseng ZJ. 2025. The carnivoran adaptive landscape reveals trade-offs among functional traits in the skull, appendicular, and axial skeleton. ***Integrative Organismal Biology***. 7. obaf001. doi.org/10.1093/iob/obaf001

37) **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. 2024. Tool use increases mechanical foraging success and tooth health in southern sea otters (*Enhydra lutris nereis*). ***Science***. 384. 798–802. doi.org/10.1126/science.adj6608

Cover of Issue. Press: NPR: Morning Edition, The Guardian, The Hill, Reuters, Südwestrundfunk, Science News, KXAN, BBC

INVITED BOOK REVIEWS

1) **Law CJ**. 2019. Book review of *Biology and Conservation of Musteloids* by David W. Macdonald, Chris Newman, and Lauren A. Harrington. ***The Quarterly Review of Biology***. 94:297–298. doi.org/10.1086/705063

INVITED PRESENTATIONS

2026 **Anatomy Connected 2026.** *Form-function relationships among the cranial, appendicular, and axial skeletons*. Invited Programmed Session. 04.18.26.

University of Bern. *Ecomorphological diversity of carnivoran mammals*. Aquatic Ecology & Evolution Seminar. 04.15.26

University of California Museum of Paleontology. *Long-fuse evolution of carnivoran skeletal phenomes*. Paleo Seminar. 02.10.26

2024 **Texas State University.** *Ecomorphological diversity of carnivoran mammals*. Biology Department Seminar. 01.26.24.

2023 **Baylor University.** *Linking phenotypic diversity to individual fitness and species diversification*. Biology Department Seminar. 03.31.23.

2022 **The University of Texas.** *Linking phenotypic diversity to individual fitness and species diversification*. Integrative Biology Department Seminar. 12.05.22.

Western Washington University. *Ecomorphological mechanisms underlying individual fitness and species survival*. Biology Department Seminar. 11.30.22.

Washington State University. *Linking phenotypic diversity to individual fitness and species diversification*. Biological Science Department Seminar. 11.14.22.

Natural History Museum of Los Angeles County. *Linking phenotypic diversity to individual fitness and species diversification*. Research & Collections Department Seminar. 11.10.22.

University of California Riverside. *Linking phenotypic diversity to individual fitness and species diversification*. Evolution, Ecology, & Organismal Department Biology Seminar. 5.23.22.

The University of Texas. *Body elongation and diversification in carnivoran mammals*. Paleontology Seminar. 3.31.22.

California State University, East Bay. *Linking phenotypic diversity to individual fitness and species diversification*. Biological Sciences Department Seminar. 2.01.22

2021 **University of Michigan.** *Linking phenotypic diversity to individual fitness and species diversification*. Ecology and Evolutionary Biology Department Seminar. 11.08.22

University of California Museum of Paleontology. *Carnivoran body shape evolution*. Paleo Seminar. 10.12.22

University of Washington. *Foraging benefits of tool using behavior in sea otters.* Biology Department Seminar.

American Museum of Natural History. *Linking phenotypic diversity to individual fitness and species diversification.* Comparative Biology Department Seminar. 3.1.21.

2020 **University of Washington.** *Musteloid diversification and body shape evolution*. Paleobiology Seminar. 2.27.20.

Cornell University. *Linking natural history to species diversification and individual fitness.* Ecology and Evolutionary Biology Seminar. 2.6.20.

New York Institute of Technology. Anatomy Department Seminar (*covid, cancelled*).

Adelphi University. *Linking natural history to species diversification and individual fitness.* Biology Seminar. 1.31.20.

2019 **University of California, Santa Cruz.** *Patterns of intraspecific and interspecific variation in sea otters and other musteloids*. Ecology and Evolutionary Biology Seminar. 5.31.19.

Santa Clara University. *Patterns of intraspecific and interspecific variation in sea otters and other musteloids.* Biology Department Seminar. 5.29.19.

University of California, Davis. *Ecomorphology and evolution of sea otters and other musteloids.* Center for Population Biology Seminar. 1.22.19.

CONTRIBUTED PRESENTATIONS

Mentored coauthors: † = high school student, ‡ = undergraduate student, * = equal contributions

2026 **Society of Systematic Biology Standalone Meeting**, Baton Rouge, LA.

1. **Law CJ**. *Using natural history collections for undergraduate research*. Talk.

Society for Integrative and Comparative Biology Annual Meeting, Portland, OR.

2. Cardakli F‡, Chatar N, & **Law CJ**. *Effect of sexual dimorphism on biting performance*. Poster.
3. Guerra E, Carney E, Kamerer J, **Law CJ**, & Santana SE. *Arboreal squirrels have greater countershading, but only in extratropical realms.* Talk.
4. Haygood A‡, Berthaume M, Santana SE, & **Law CJ**. *Effects of climate on endocranial shape across primates*. Poster.
5. Huizenga C‡, Brice N‡, & **Law CJ**. *Ecological drivers of lagomorph skeletal diversity.* Poster.
6. **Law CJ**, Hlusko LJ, & Tseng ZJ. *Long-fuse evolution of carnivoran skeletal phenome through the Cenozoic.* Talk.

2025 **Society of Vertebrate Paleontology**, Birmingham, United Kingdom.

1. Anderson HE, Burrows AM, **Law CJ**, Lis A, Mulvey L, Nekaris KANI, Selig KR, López-Torres S. *Exploring interrelationships between fossil and extant lorisids (Strepsirrhini, Primates) and the question of their biogeographic origins.* Poster.

Congress of the European Society for Evolutionary Biology, Barcelona, Spain.

2. **Law CJ**, Hlusko LJ, & Tseng ZJ. *Long-fuse evolution of carnivoran skeletal phenome through the Cenozoic.* Talk.

American Association of Anatomy annual meeting, Portland, OR.

3. **Law CJ**, Hlusko LJ, & Tseng ZJ. *The carnivoran adaptive landscape reveals trade-offs among functional traits in the skull, appendicular, and axial skeleton*. Poster.

2024 **Paläontologische Gesellschaft**, Warsaw, Poland.

1. López-Torres S, Bertrand OC, Fostowicz-Frelik Ł, Lang MM, **Law CJ**, Martin-Flores GS, Schillaci MA, Silcox MT. *Clade-specific patterns of brain size in glires and euarchonta: implications for the calculation of encephalization quotients*. Talk.

European Association of Vertebrate Palaeontologists, Longyearbyen, Svalbard.

2. López-Torres S, Bertrand OC, Fostowicz-Frelik Ł, Lang MM, **Law CJ**, Martin-Flores GS, Schillaci MA, Silcox MT. *The allometry of brain size in Euarchontoglires and an exploration of group-specific encephalization*. Poster.

Society for Integrative and Comparative Biology Annual Meeting, Seattle, WA.

3. **Law CJ**, Hlusko L, & Tseng ZJ. *Uncovering the mosaic evolution of carnivoran skeletal systems*. Talk.
4. Linden T‡, Flynn JJ, & **Law CJ**. *Quantifying skull shape convergence between Eupleridae and other feliform carnivorans.* Poster.
5. Grossnickle DM, Brightly WH, Pevsner SK, Polly PD, Roston RA, Stanchak KE, Stayton T, Weaver LN, & **Law CJ**. *A novel method for measuring phenotypic convergence*. Talk.

2023 **Society of Vertebrate Paleontology Annual Meeting**, Cincinnati, Ohio, USA.

1. López-Torres S, Bertrand OC, Fostowicz-Frelik Ł, Lang MM, **Law CJ**, Martin-Flores GS, Schillaci MA, Silcox MT. *The allometry of brain size in Euarchontoglires and an exploration of group-specific encephalization*. Poster.

International Congress of Vertebrate Morphology, Cairns, Queensland, Australia.

2. **Law CJ**, Hlusko L, & Tseng ZJ. *Evolutionary convergence and integration among carnivoran skeletal systems.* Talk.

13th International Mammalogical Congress, Anchorage, AK.

3. **Law CJ**, Hlusko L, & Tseng ZJ. *Evolutionary convergence and integration among carnivoran skeletal systems.* Talk.

American Association of Biological Anthropologists Annual Meeting, Reno, NV.

4. Burrows AM, **Law CJ**, Lopez-Torres S, Selig KR, & Silcox MT. *Strepsirrhine gum-feeders have short skulls: searching for the evolutionary morphology of gummivory.* Talk.

Society for Integrative and Comparative Biology Annual Meeting, Austin, TX.

5. **Law CJ**, Blackwell E‡, Curtis AA, Dickinson E, Hartstone-Rose A, & Santana SE. *Decoupled evolution of crania and mandibles in carnivoran mammals*. Poster.
6. Linden T‡, Pardo J‡, Blackwell E‡, & **Law CJ**. *Mandibular sexual dimorphism in mongooses (herpestids) and civets (viverrids).* Poster.
7. Blackwell E‡, Newman A‡, & **Law CJ**. Mandibular sexual dimorphism in canids. Poster.
8. Andrade Luna R‡, Levy F‡, and **Law CJ**. *Evaluating mandible size and shape*

9. *using Rensch's rule in the family Felidae*. Poster.
10. Rickman J‡, Burtner A‡, Linden T‡, Santana S, & **Law CJ**. *Differences in limb bone micro-anatomy across ecotypes in Sciuridae.* Poster.

2022 **World Marine Mammal Conference**, West Palm Beach, FL.

1. Maresh J, **Law CJ**, Kerr S, Costa D, & Adams D. *Maternal investment strategies in marine mammals: a phylogenetic comparative approach*. Talk.

Society for Integrative and Comparative Biology Annual Meeting, Phoenix, AZ.

2. **Law CJ.** *Different evolutionary pathways lead to incomplete convergence of elongate body shapes*. Poster.
3. Blackwell E‡, **Law CJ**, Curtis AA, Dickinson E, Hartstone-Rose A, & Santana SE. *Ecomorphology of the carnivoran skull*. Poster.
4. Burtner A‡, Grossnickle D, Santana S, & **Law CJ**. *Understanding the origin of bat flight*. Poster.
5. Rickman J‡, Burtner A‡, McFeely A‡, Santana S, & **Law CJ**. *Effects of locomotion on external and internal forelimb structure in Sciuridae*. Poster.

2021 **Society for the Study of Evolution Annual Meeting**. Virtual.

1. **Law CJ**. *Ecological drivers of carnivoran body shape evolution*. Talk.
2. Grossnickle DM, Brightly WH, **Law CJ**, Pevsner SK, Roston RA, Stanchak KE, & Weaver LN. *Testing the prevalence of morphological convergence among mammalian forelimb skeletons.* Talk.

American Society of Mammalogists Conference. Virtual.

3. **Law CJ**. *Ecological drivers of carnivoran body shape evolution*. Talk.
4. Burtner A, McFeely A, Rickman J, Santana SE, & **Law CJ**. *Evolution of body shape diversity in squirrels*. Talk.

Sea Otter Research and Conservation Symposium. Virtual.

5. **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. *Tool use increases biomechanical and bioenergetic foraging success in southern sea otters*. Talk. 1.4.20.

Society for Integrative and Comparative Biology Annual Meeting. Virtual.

6. Slibeck B‡ & **Law CJ**. *Effects of morphology on species range size*. Talk.
7. **Law CJ**. *Evolutionary and morphological patterns underlying carnivoran body shape diversity.* Talk.
8. Grossnickle DM, Brightly WH, **Law CJ**, Pevsner SK, Roston RA, Stanchak KE, & Weaver LN. *Testing the prevalence of morphological convergence among mammalian forelimb skeletons.* Talk.

2020 **Western Society of Naturalists Conference.** Virtual.

1. **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. *Tool use increases foraging success in southern sea otters*. Talk.

Animal Behavior Society Annual Meeting. Virtual.

2. **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. *Tool use increases foraging success in southern sea otters*. Talk.

Society for Integrative and Comparative Biology Annual Meeting, Austin, TX.

3. **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. *Tool use increases biomechanical and bioenergetic foraging success in southern sea otters*. Talk. 1.4.20.
4. **Law CJ**. *Morphological and evolutionary patterns underlying carnivoran body shape diversification*. Poster. 1.4.20.

2019 **World Marine Mammal Conference**, Barcelona, Spain.

1. **Law CJ**, Tinker MT, Fujii, JA, Nicholson T, Staedler M, Tomoleoni J, Young C, & Mehta RS. *Tool use increases foraging success in southern sea otters*. 12.12.19.

International Congress of Vertebrate Morphology, Prague, Czech Republic.

2. **Law CJ**. *Ecomorphology and evolution of carnivoran body plans*. Talk. 7.23.19.

Society for Integrative and Comparative Biology Annual Meeting, Tampa, FL.

3. **Law CJ** & Mehta RS. *Carnivory maintains cranial dimorphism between males and females: Evidence for niche divergence in extant Musteloidea*. 1.4.19.
4. **Law CJ**, Duran E†, Hung N†, Richards E‡, Santillan I†, & Mehta RS. *Cranial shape differences do not translate to bite force differences between musteloids with distinct dietary ecologies.* 1.4.19.

2018 **American Society of Mammalogists Annual Meeting**, Manhattan, KS.

1. **Law CJ**, Slater G, & Mehta RS. *Shared extremes by ectotherms and endotherms: body elongation in mustelids is associated with small size and reduced limbs*. Talk. 6.27.18.
2. Maresh JL, Corl A, Costa DP, & **Law CJ**. *Predictors of metabolic rates in aquatic mammals*. Poster. 6.26.18.

Sea Otter Research Update Meeting, Santa Cruz, CA.

3. **Law CJ**, Tinker T, & Mehta RS. *Strike force in tool using otters*. Talk. 3.20.18.

Society for Integrative and Comparative Biology Annual Meeting, San Francisco, CA.

4. **Law CJ**, Slater G, & Mehta RS. *Small and slender: evolutionary shifts towards elongate body plans within Mustelidae*. 1.4.18.
5. Mehta RS, **Law CJ**, Duran E†, Hung N†, Richards E‡, Santillan I†. *Effects of diet on the evolution of bite force in adult musteloids*. 1.6.18.
6. Higgins BA, **Law CJ**, & Mehta RS. *Functional ecology of the California moray eel (Gymnothorax mordax): dietary breadth and bite force over ontogeny*. Talk. 1.6.18.
7. Maresh JL, Corl A, Costa DP, & **Law CJ**. *Predictors of metabolic rates in aquatic mammals*. Poster. 1.5.18.

2017 **12th International Mammalogical Congress**, Perth, Western Australia.

1. **Law CJ**, Slater G, & Mehta RS. *Lineage diversity and size disparity in Musteloidea: testing patterns of adaptive radiation using molecular and fossil-based methods*. Talk. 7.14.17.
2. **Law CJ** & Mehta RS. *Evolution of sexual dimorphism in musteloid crania*. Poster. 7.10.17.

Society for Integrative and Comparative Biology Annual Meeting, New Orleans, LA.

3. **Law CJ**, Young C, & Mehta RS. *Ontogenetic scaling of theoretical bite forces in southern sea otters (Enhydra lutris nereis).* Talk. 1.8.17.

2016 **Southern Sea Otter Research Update Meeting**, Santa Cruz, CA.

1. **Law CJ**. *Sexual dimorphism in cranial form and function of southern sea otters*. Talk. 2.19.16.

Society for Integrative and Comparative Biology Annual Meeting, Portland, OR.

2. **Law CJ**, Baliga VB, Tinker MT, & Mehta RS. *Sexual dimorphism in the cranial morphology of southern sea otters*. Talk. 1.6.16.

2015 **Society for Integrative and Comparative Biology Annual Meeting**, West Palm Beach, FL.

1. **Law CJ** & Mehta RS. *Divergent times and diversification rates of Musteloidea (Mammalia:Carnivora)*. Talk. 1.4.15.

2013 **Society for Integrative and Comparative Biology Annual Meeting**, San Francisco, CA.

1. **Law CJ**, Dorgan KM, & Rouse GW. *Differences in polychaete musculature lead to distinctive burrowing behaviors*. Poster.

2012 **Society for Integrative and Comparative Biology Annual Meeting**, Charleston, SC.

1. **Law CJ**, Dorgan KM, & Rouse GW. *The anatomical features and kinematics of undulatory burrowing in the polychaete Armandia brevis*. Poster.

TEACHING EXPERIENCE

University of Washington

Founder and Director: **Natural history Exploration Student Training (NEST) program** (2021–present). I developed this program for students to design a research project using resources from natural history collections. Students will learn every aspect of the scientific process including formulating hypotheses; collecting, analyzing, & interpreting data; and presenting results.

Guest lecturer/speaker: **Mammalogy** (Fall 2021, Winter 2021, Fall 2023); **Functional Morphology** (Fall 2024, Fall 2025)

University of California, Santa Cruz

Instructor: **Small Mammal Undergraduate Research in Forests (SMURF) program** (2015–2019). I developed curriculum and trained students in conducting fieldwork, data collection, and independent research projects investigating small mammal ecology and ecomorphology.

Co-instructor: **Comparative Vertebrate Anatomy Lab** (Fall 2017); **Comparative Vertebrate Anatomy Lab** (Summer 2017). Developed lectures and labs focused on anatomy, morphology, and biomechanics underlying vertebrate locomotion and feeding, and its evolution

Guest lecturer: **Comparative Vertebrate Anatomy Lab** (Spring 2019); **Functional Anatomy** (Spring 2017); **Mammalogy** (Fall 2015); **Development and Physiology** (Fall 2015); **Biology of Marine Mammals** (Spring 2015); **Comparative Vertebrate Anatomy Lab** (Fall 2014)

Teaching Assistant: **Marine Mammals** (Spring 2015); **Comparative Vertebrate Anatomy Lab** (Fall 2014); **Development & Physiology** (Spring 2014)

Invited Panelist: **Creating Active and Inclusive Section Experiences Workshop** (Fall 2017)

Biological Collections Ecology and Evolution Network (BCEENET)

Collaborating Developer: (Summer 2020). Provided consultation in the development of Course-based Undergraduate Research Experiences (CUREs) that used online natural history collection data records**.**

STUDENTS MENTORED

Graduate Student Committees.

2. **Matthew Bushell** (Texas State University; June 2025–present). PhD Student.
1. **William Zang** (West Chester University, Jan 2021–Oct 2022). Master's Thesis: *Maternal drivers of reproductive output in the lizard family Scincidae.*

Graduate Students (5). **1 student published results**[‡]

5. **Edú Guerra** (University of Washington; 2024–present): *Countershading evolution*
4. **Celina Gilmore** (University of California Berkeley; 2023–present): *Intraspecific variation in limb microstructure*
3. **Amanda Hewes** (University of Washington; 2021–present): *Nectarivorous bird evolution*
2. **David Cuban** (University of Washington; 2021–present): *Nectarivorous bird evolution*
1. **Madlen Lang**[‡] (University of Toronto; 2020–2022): *Petrosal lobule scaling in Euarchontoglires*

Undergraduate Students (57). **9 student published results**[†]

University of Washington (second stint)

57. **Lauren Gray** (Sept 2026–present)
56. **Amy Han** (Sept 2026–present)
55. **Yohan Skariah** (Sept 2026–present)
54. **Ananya Ajila** (Aug 2026–present)
53. **Mason Lai** (July 2026–present): *Sexual dimorphism in felid jaws*
52. **Shilten Kenzhegazy** (June 2026–present): *Vertebral evolution in ungulates*
51. **Arin Meeks** (June 2026–present): *Vertebral evolution in ungulates*
50. **Jeffrey Kriegh** (June 2026–present): *Vertebral evolution in ungulates*
49. **Thea Nguyen-Bui** (Sept 2025–May 2026): *Sexual dimorphism in pinniped jaws*
48. **Maria Katherine Shaffer** (Sept 2025–present): *Character displacement in BC weasels*
47. **Lily Bernard** (Sept 2025–present): *Sexual dimorphism in pinniped jaws*
46. **Harshita Rajkumar** (Sept 2025– May 2026): *Mandibular ecomorphology in herpestids*
45. **Dingya (Lydia) Lu** (Sept 2025– May 2026): *Sexual dimorphism in pinniped jaws*
44. **Connor Leary** (Sept 2025– May 2026): *Mandibular ecomorphology in herpestids*
43. **Aryaa Vinod** (Sept 2025– May 2026): *Character displacement in British Columbia weasels*
42. **Parnika Vaidya** (Sept 2025–Apr 2026): *Character displacement in BC weasels*
41. **Lucas Romeo Mansfield** (Feb 2025–present): *Hyoid allometry in shorebirds*
40. **Blair Graves** (Seattle Pacific University; Oct 2024–Jun 2025): *Brain evolution in primates*
39. **Ian Edison** (June 2024–present): *Hyoid allometry in shorebirds*
38. **Ana Luisa Gutierrez** (LSAMP; May 2024–Aug 2024): *Body shape allometry in rodents*
37. **Furkan Cardakli** (Sept 2023–present): *Sexual dimorphism in jaw performance*
36. **Ariyanna Haygood** (Sept 2023–present): *Brain evolution in primates*
35. **Nia Brice**[†] (Sept 2023–Jun 2026): *Ecological correlates to limb morphology in rabbits*

34. **Coby Huizenga**† (Sept 2023–Jun 2026): *Body shape allometry in rabbits and hares*
33. **Simran Gupta** (Sept 2023–Jun 2025): *Primate skull ecomorphology*
32. **Gomathy Shunmugapriyan** (Sept 2023–Jun 2025): *Climatic effects on mammal jaws*
31. **Milli Tripathi** (Sept 2023–Jun 2025): *Sexual dimorphism in mustelid jaws*
30. **Anna Ostrem** (Sept 2023–June 2023): *Mandibular adaptations in Mustelidae*
29. **Crystal Khem** (Sept 2023–June 2023): *Effects of diet on primate mandibular morphology*
28. **Kanika Saravanan** (Sept 2023–June 2023): *Mandibular adaptations in Mustelidae*
27. **Mirra Chinta** (Sept 2023–June 2023): *Ecological correlates to limb morphology in rabbits*
26. **Suhyeon Kim** (Sept 2023–June 2023): *Body shape evolution in lagomorphs*

University of Texas

25. **Brenda Chavez** (Aug 2022–May 2023): *Sexual dimorphism in mustelid jaw morphology*
24. **Vedika Shirtekar** (Aug 2022–May 2023): *Sexual dimorphism in mustelid jaw morphology*
23. **Rodrigo Andrade Luna** (Angelo State University/UT INSTINCT REU; Jun 2022–Jan 2023): *Rensch's rule in Felidae*

University of Washington (first stint)

22. **Fletcher Levy** (Wesleyan University; Jun–Aug 2022): *Rensch's rule in Felidae*
21. **Tate Linden**† (Jan 2022–Oct 2024): *Scaling patterns of squirrel body plans*
20. **Alise Newman** (Jan 2022–2024): *Sexual dimorphism in bobcat craniodental morphology*
19. **Rada Soonthonvan** (Jan 2022–Jun 2022): *Rensch's rule in canid jaw morphology*
18. **Anna Heeter** (Jan 2022–Jun 2022): *Rensch's rule in canid jaw morphology*
17. **Abby Burtner**† (Jan 2021–Jul 2024): *Origins of flight morphology in bats*
16. **Hannah Rickman**† (Jan 2021–Jun 2023): *External and internal limb structure*
15. **Annika McFeely**† (Jan 2021–Jun 2022): *Scaling patterns of squirrel body plans*

American Museum of Natural History

14. **Julia Padro** (Smith College/AMNH REU; Jun 2022–Jan 2023): *Sexual dimorphism in carnivoran jaw morphology*
13. **Emily Blackwell**† (Smith College/ AMNH REU; Jun 2021–Jan 2023): *Craniomandibular evolution in carnivoran mammals*
12. **Bennett Slibeck** (Columbia/ AMNH REU; Nov 2019–Jan 2021): *Effects of morphology on species range size*

Cultivamos Excelencia Program *– San Jose City College*

11. **Jasmin Lara** (Sept 2018–June 2019): *The Limitations of recycling in the community*
10. **Joanna Gonzalez Lugo** (Sept 2018–June 2019): *The values and impact of Mexican American Studies on Latinx students in San Jose City College*

UC Santa Cruz

9. **Ana Moreland** (Jun 2018–Apr 2019): *Physical performance of southern alligator lizards*
8. **Carly Sanchez** (Jun–Sept 2018): *Quantifying kinematics of sea otter tool use behavior*
7. **Parker Kaye (**Sept 2017–Mar 2018): *Small mammal population survey of Younger Lagoon Natural Reserve*
6. **Jennilyn Stenske** (June 2017–June 2019): *Small mammal population survey at UCSC FERP*
5. **Ekai Richards**† (Jan–Aug 2017): *Effects of diet on the scaling of bite forces in Musteloidea*
4. **Sam Sambado** (Jan–Apr 2017): *Small mammal population dynamics at UCSC FERP*

3. **Kaz Jones**† (Sept 2016–Jun 2017): *Differentiation of craniomandibular morphology in two sympatric Peromyscus mice*
2. **Meghan Yap-Chiongco** (Aug 2016–Jun 2017): *Phylogenetics of Ophelidiformes*
1. **Shohei Burns** (Mar–Aug 2014): *Ecological variation in musteloids*

High School Students (5). **4 students published results**†

UC Santa Cruz

1. **Emma Duran**† (June–Aug 2017): *Scaling of bite forces in Musteloidea*
4. **Isaac Santillan**† (June–Aug 2017): *Scaling of bite forces in Musteloidea*
3. **Anna Wadhwa** (June–Aug 2016): *Sexual dimorphism of North American river otters*
2. **Vikram Venkatram**† (June–Aug 2015): *Craniodental sexual dimorphism in sea otters*
1. **Nancy Hung**† (June–Aug 2014): *Craniodental variation in Procyonidae*

Small Mammal Undergraduate Research in the Forest (SMURF) Program (2015–2019)

Trained and supervised 52 SMURF interns in mammal trapping: **Jasmin Regalado** (Apr–June 2019), **Filippa Erixon** (Apr–June 2019), **Jamie Becher** (Apr–June 2019), **Olivia Wilms** (Apr–June 2019), **Josue Lopez** (Apr–June 2019), **Maria Zepeda** (Apr–June 2019), **Marie Gredell** (Apr–June 2019), **Christina Olague** (Apr–June 2019), **Amanda Smith** (Jan–Mar 2019), **Ari Statler** (Jan–Mar 2019), **Giselle Wendt** (Jan–Mar 2019), **Ishana Shukla** (Jan–Mar 2019), **Linnea Gullikson** (Jan–Mar 2019), **Lucy Malamud-Roam** (Jan–Mar 2019), **Nicholas Bergeron** (Jan–Mar 2019), **Vanessa Cortez** (Jan–Mar 2019), **Gabby Reynosa** (Sept–Jun 2019); **Maggie Choi (**Sept–Dec 2018); **Ray Hunter** (Sept–Dec 2018); **Benji Le** (Sept–Dec 2018); **Freddy Manzarez** (Sept–Dec 2018); **Shelby Thompson** (Sept–Jun 2019); **Jingyun Wu** (Sept–Dec 2018); **Samantha Abarca** (Apr–June 2018); **Lia Del Vecchio** (Apr–June 2018); **Maggy Feng** (Apr–June 2018); **Esmeralda Reyes** (Apr–June 2018); **Ciera Castillo** (Jan–Apr 2018); **Noelle Duerwald** (Jan–Apr 2018); **Shaun Kehrmeyer** (Jan–Apr 2018); **Samuel Sacco** (Jan–Apr 2018); **Samantha Gautreaux** (Jan–Apr 2018); **Jazmin Rios** (Jan–Apr 2018); **David Castaneda** (Sept–Dec 2017); **Aaron Gormley** (Sept–Dec 2017); **Sabrina Sanchez** (Sept–Dec 2017); **Kaz Jones** (Sept 2016–June 2017); **Jessica Elgersma** (Sept 2016–June 2017); **Deanna Rhoades** (Sept 2016–June 2017); **Carly Sanchez** (Sept 2016–June 2018); **Jazzmin Ilas** (Sept 2016–June 2017); **Sami Akiba** (Sept 2016–June 2017); **Isabelle Panza** (Sept 2016–June 2017); **Megan Pasternak** (Sept 2016–June 2017); **Erin Huntsinger** (Sept 2016–June 2017); **Ilona Wilde** (Sept 2016–June 2017); **Tatiana Delgadillo** (Sept 2016–Dec 2016); **Ana Moreland** (Sept 2016–Dec 2016); **Aliya Cacanindin** (Sept 2016–Dec 2016); **Ethan Slattery** (Sept 2016–Dec 2016); **John Ahrens** (Sept 2016–Dec 2016); **Natalie Neff** (Sept 2015–June 2017)

DIVERSITY, EQUITY, INCLUSION, & JUSTICE INITIATIVES AND TRAINING

Founding committee member

2021-22 Femme2STEM Outreach Committee. *University of Washington*

Mentor

2024– Louis Stokes Alliance for Minority Participation (LSAMP) Program
2022–23 Texas Excellence in Jobs and Service (TEJAS) Program
2023 SICB Broadening Participation Mentor-Mentee Program

2022 UT Austin Inclusive Student Training in Collections Topics (INSTINCT) Program
2022 SICB Broadening Participation Mentor-Mentee Program
2018–19 *Cultivamos Excelencia* Community College Research Program

Attendee

2021 Mentoring Graduate Students Workshop. *The University of Texas*
2021 Inclusive Classroom Management Workshop. *The University of Texas*
2021 Research Mentor Training Workshop. *University of Wisconsin-Madison*
2020 Empowering Prevention & Inclusivity Community (EPIC) Training. *University of Washington*
2016 Creating Active & Inclusive Section Experiences Workshop. *UC Santa Cruz*

Panelist

2023 Opening the Door to Letters of Recommendation. *University of Washington*
2017 Creating Active & Inclusive Section Experiences Workshop. *UC Santa Cruz*

Member

2015 Graduate Student Committee for Diversity Enhancement. *UC Santa Cruz*

RELEVANT RESEARCH EXPERIENCE

Museum Collections Work

Collection visits (21 institutions)*:* American Museum of Natural History; Beaty Biodiversity Museum; Burke Museum of Natural History and Culture; California Academy of Sciences; Field Museum; Florida Museum of Natural History, John Day Fossil Beds National Monument; Kansas University Natural History Museum; Museum of Vertebrate Zoology at UC Berkeley; National Museum of Natural History; Natural History Museum at London; Natural History Museum of Los Angeles County; Norris Center for Natural History at UC Santa Cruz; Royal British Columbia Museum; San Diego Natural History Museum; Santa Barbara Museum of Natural History; University of California Museum of Paleontology; University of Oregon Museum of Natural and Cultural History; University of Puget Sound Museum of Natural History; University of Texas Vertebrate Paleontology Collection; Yale Peabody Museum of Natural History.

Field Experience

UC Santa Cruz Natural Reserve, CA, USA. Trapped and tagged small mammals for long-term population study. [2015–2019].

Fort Ord Natural Reserve, CA, USA. Trapped and tagged small mammals for long-term population study. [2015–2019].

Catalina Island, CA, USA. Trapped, tagged, and collected moray eels for morphological analyses and long-term population. [2015, 2016, 2018, 2019].

Rancho los Pinos, Baja California, Mexico. Trapped, tagged, and collected moray eels for morphological analyses and long-term population. [2019].

San Juan Island, WA, USA. Trapped and collected marine invertebrates for biomechanical analyses and accession in Scripps Institution of Oceanography collection [2010–2012].

San Diego, CA, USA. Trapped and collected marine invertebrates for biomechanical analyses and accession in Scripps Institution of Oceanography collection [2010–2012].

INVITED WORKING GROUPS

2019 **National Science Foundation Rules of Life: Forecasting and Emergence in Living Systems (RoL:FELS) Working Group**. *Reciprocal illumination between ecology and biomechanics: evolution, integration, and constraint*. PIs: Tim Higham and Lara Ferry.

PROFESSIONAL SERVICE

Reviewer for the National Science Foundation

2024 **Ad Hoc Reviewer.** Integrative Organismal Systems (IOS)–Developmental Systems

Research Mentor

2024– Louis Stokes Alliance for Minority Participation (LSAMP) Program
2023–24 NSF DBI–2128146 Research Experience for Undergraduates (REU) Program
2022–23 Texas Excellence in Jobs and Service (TEJAS) Program
2022 Wesleyan University College of the Environment Summer Research Fellowship
2022 UT Austin Inclusive Student Training in Collections Topics (INSTINCT) Program

2015–19 Small Mammal Undergrad Research in Forest (SMURF) Program
2014–17 Science Internship Program (SIP)

Reviewer for Scientific Journals

American Naturalist, Anatomical Records, Biological Journal of the Linnean Society, Biology Letters, Evolution, Functional Ecology, Integrative Organismal Biology, Journal of Anatomy, Journal of Evolutionary Biology, Journal of Experimental Biology, Journal of Mammalian Biology, Journal of Mammalogy, Journal of Zoology, Nature Communications, PeerJ, PLOS One, Proceedings of the National Academy of Sciences, Proceedings of the Royal Society B

Reviewer for Professional Societies

2021 **Reviewer.** Abstracts for SACNAS Research Presentation

SCIENCE COMMUNICATION

K–12

2026 **Interviewee.** YMCA Camp Dudley Outdoor School, Yakima, WA.
2024 **Presenter.** Math Science Upward Bound Program, Seattle, WA.
2024 **Presenter.** Gulf of Maine Research Institute's Scientist To Go Program, Portland, ME.

2021 **Presenter.** California State Summer School for Mathematics and Science, (COSMOS), Santa Cruz, CA.
2021 **Presenter.** K–5 Science & Nature Program, American Museum of Natural History
2019 **Presenter.** Watsonville Wetlands Watch, CA.
2018 **Presenter.** Boys and Girls Clubs of Santa Cruz County, CA.
2017 **Presenter.** Ocean Explorers Summer Camp, Seymour Center, CA.
2016 **Presenter.** Ocean Explorers Summer Camp, Seymour Center, CA.
2014 **Presenter.** Science Alive Workshop, Gavilan College, Gilroy, CA.

Public Talks

2026 **Speaker.** Science on Tap at Ravenna Third Place Bookstore.
2025 **Speaker.** Shoot to Show Tramp Harbor at Vashon Center for the Arts.
2021 **Speaker.** Curated Conversations at the Burke Museum.
2018 **Speaker.** Coastal Awards Celebration at the UCSC Coastal Science Campus.
2015 **Speaker.** Citizen Science at the Santa Cruz Public Libraries.
Speaker. Annual Sea Otter Awareness Week.

Outreach

2026 **Interviewee**. Live Science: *Life's Little Mysteries*. What is a round animal?
Exhibit Presenter. University of Washington Biology Open House
Exhibit Presenter. Burke Museum Member's Night
2025 **Exhibit Presenter.** University of Washington Biology Open House
